

LICENSES

Architectural Specialties is licensed in Washington and Oregon for installations on your project.

Our Oregon CCB number is 59161
Our Washington UBI number is 601 174 321

In Washington and Oregon all companies involved in construction are required to have an Oregon CCB number or Washington UBI license number issued by the respective State.

The main purpose of these State agencies is to protect the consumer. We urge you to seek your Contractors valid CCB or UBI numbers before contracting your project. You can go to the respective web sites to see if your installer has previous claims, is current on their insurance and to get more information on the construction industry and how to protect yourself.
